

Job Seekers

Looking for Employment in Fraser Coast Area?

Registering as a Job Seeker will take you to a registration form where you can create a profile listing your contact details, skills and other relevant information. You can upload your Resume onto the Fraser Coast Jobs website for prospective employers and employment agents to view 24/7.

You can stay anonymous or let your contact details to be seen. This creates your Job Seeker Profile that can then be accessed by Employers or Employment Agencies, but NOT other Job Seekers. You can update your Job Seeker profile at any time. You can then search the Hervey Bay Jobs Website for jobs that match your profile details. There is no charge to register with, or use, the Hervey Bay Jobs Website.
