

Agents

Need to fill a position in the Fraser Coast Area through your Employment Agency?

Registering as an Employment Agency will take you to a registration form where you list your contact details, and the skills and experience you require to fill positions available. Your Profile can then be accessed by Job Seekers and Employers 24/7.

Your Employment Agency Profile can NOT be accessed by other Employment Agencies. You can update your Employment Agency Profile at any time. You can then search the Fraser Coast Jobs Website for Job Seekers who match your requirements. There is no charge to register with, or use, the Fraser Coast Jobs Website.
